ROADWAY PROJECT TO BEGIN IN LEBANON

HANOVER ST., OLD ETNA RD., AND MT. SUPPORT RD.

The New Hampshire Department of Transportation announces the start of construction of roadway improvements to accommodate bicycles and pedestrians in the area of Lebanon High School in Lebanon, NH.

Work is expected to start the week of July 26 with utility relocations along Heater Road/Mount Support Road and drainage work along Hanover Street in front of Lebanon High School.

One-way alternating traffic on Heater Road/ Mount Support Road will be necessary to complete the work. Uniformed officers and flaggers will help guide motorists through the work zones.

Drainage work on Hanover Street will require closing Hanover Street to through traffic. Motorists are advised to take alternate routes in the area.

United Construction Corporation of Newport, New Hampshire is the contractor for the \$1.3 million project.
